| Departmental Activity (DA)| 9 digits - lowest ORGANIZATIONAL level possible. This number identifies unit with expenditure control and represents "cost center" providing a connection point with the Oracle Human Resources and Fixed Asset applications.  
  The institution controls first five digits of the number to represent a unit typically headed by a chair or manager. Deans and directors control last four digits to identify the lowest organizational level needed for internal college and division management.  
  This level can have multiple funding sources and multiple functions for each Departmental Activity (DA).  
  **Example:** 170170001 |

---MAP: Account Inquiry (Budget)---
Fund 8 digits - Identifies ownership of assets, liabilities, and fund balance as opposed to expenditure authority (as represented by the Campus and DA). Represents a combination of the elements of wvOASIS state funds and activities, WVU Research Corporation, and NACUBO/AICPA fund group. Also represents the "balancing segment" required by Oracle to determine the level at which journal entries are balanced in the traditional accounting sense of debits equal credits. ONLY at this level (or parents of this level) can balanced financial statements (trial balance, balance sheet, statement of changes, statement of current funds, etc.) be obtained.

Example: 71252314

15. Click OK.

Account Inquiry
